Dear Sir/Madam

What is Go On Leeds?

Go On Leeds is a campaign to help people in Leeds get online for the first time. It's backed by UK Online centres, Race Online 2012 and a host of national partners.

When is Go On Leeds happening?

It's already started! There will be a week of high profile events at the end of September, but the work starts now. There will be more high profile events in October and November and Go On Leeds will carry on into 2012.

Why do you need to know this?

We are looking for community partners who can become Go On Leeds Digital Champions. A Digital Champion is someone who wants to offer their time to help people in their community get online for the first time.

Why should you get involved in Go On Leeds?

- ☒ Take part in well-publicised national campaigns
- ☒ Raise the profile of your group or organisation
- ☒ Get free training for your staff or volunteers
- ☒ Get free or low cost computer equipment for your venue

How do you register your organisation as a Go On Leeds Digital Champion?

Come to the briefing event for community partners and learn more about Go On Leeds from the Race Online 2012 team.

When: Thursday 11 August, 2.00pm – 4.00m.

Where: Leeds Central Library, 3rd floor meeting room

Please let us know if you will be coming to the event using the contact details at the top of this letter. You can also contact us if you can't come to the event but would still like to take part in the Go On Leeds campaign.
